

The Only Way

Sir MidlaQ

Key: A

Lounge is too small to setup a fire
burn the greed down with steady desire
Rope gets shorter with every minute
cover your inner self within the limit

save your matches, before you disagree
tear down your patch its only way to see

The only way to see our hosts in the new light
The only way to be afraid of a soul dive

The only way to see our hosts in the new light
Only possible way to discover whats inside

waste the money enough it ll never be safer
weight all my flesh withoutreturning favors
There was no rope to begin with
Havin my mind in between chemical myths

save your matches, before you disagree
tear down your patch its only way to see

The only way to see our hosts in the new light
The only way to be afraid of a soul dive

The only way to see our hosts in the new light
Only possible way to discover whats inside

Restriction leads to a powerful fiction
Overbearing vasoconstriction
