

All The Spare Time

Key: A

Sir MidlaQ

Urge is growing with the amount of your smell
Could you tell the cartoon poser to get the hell
off my Scratched back, looking over my shoulder
Ripping flash not having enough
flash-backs, comin over
Choking is the only way out

All the spare time having tears in jars
Baking bread from the flour of many lies

I need to get my Back scratched
ripped flash hangin lower than usual
Setback brain in cell, lookin over my shoulder

chokin is the only way out
chokin is the only way out

All the spare time having tears in jars
Baking bread from the flour of many lies

knitting my guts with the sweatshirt and rats
sewing it up with shouting peace and love
doing what you love in peace and sawing up

All the spare time having tears in jars
Baking bread from the flour of many lies
